PROFESSIONAL SUMMARY

Results-driven Software Developer and Operations Executive with expertise in full-stack engineering, AI workflow integration, and operational scaling. Adept at managing cross-functional onboarding processes, resolving complex escalations, and driving community engagement. Proven ability to architect scalable digital products, leverage modern APIs, and ensure SLA compliance in fast-paced corporate environments.

TECHNICAL SKILLS

Programming Languages: Python, C++, C, SQL, HTML, CSS
Databases & Cloud Infrastructure: Supabase, Firebase, MongoDB, Google Cloud Platform (GCP)
Frameworks, AI & Tools: React, Next.js, Groq API, Cursor, Bolt.new, Git, GitHub, VS Code, Vercel, Figma

PROFESSIONAL EXPERIENCE

FLIPKART INDIA PRIVATE LIMITED *(via Futurz Staffing Solutions)* **Bengaluru, India**
Executive – Wishmaster Onboarding *Sep 2026 – Present*

- Spearhead the resolution of critical onboarding escalations for the Wishmaster delivery fleet, ensuring SLA compliance and rapid operational readiness.
- Collaborate cross-functionally with operations and support teams to optimize onboarding workflows and lifecycle management.
- Enforce strict adherence to client policies, data security regulations, and corporate business ethics during fleet integration.

TECHNICAL PROJECTS

Craked | *React, GitHub API, Data Analytics* craked.dev

- Architected a scoring engine that calculates a developer's "Cracked Score" by analyzing public GitHub shipping velocity and repository impact.
- Built responsive leaderboard interfaces and quantitative analytics pipelines to evaluate coding momentum and open-source contributions.

Poloro | *Frontend Development, UI/UX, Vercel* poloro.xyz

- Engineered a client-side web application enabling creators to apply vintage Polaroid film styling, custom typography, and frame aesthetics.
- Designed intuitive image processing controls, modular UI components, and scalable brand identity assets.

Reviv | *Full-Stack Engineering, Marketplace Platform, Supabase* reviv.space

- Architected a web platform facilitating the liquidating, trading, and recycling of unused digital and hardware assets for early-stage startups.
- Implemented secure database schemas, real-time listing updates, and streamlined user navigation for seamless asset discovery.

EDUCATION

Adichunchanagiri Institute of Business Management | *BCA — **CGPA: 9.05 / 10*** **2023 – 2026**
BGS SVS Pre-University College | *Pre-University (Commerce) — **Percentage: 92.83%*** **2021 – 2023**

CERTIFICATIONS & ACHIEVEMENTS

- **Certifications:** MongoDB Overview: Core Concepts, AI Fundamentals (IBM), Technology Apprenticeship (Accenture), Cyber Job Simulation (Deloitte).
- **Hackathons:** Placed in multiple inter-collegiate technical competitions evaluating rapid software prototyping and system architecture.
